1. Aims

The aims of relationships and sex education (RSE) at our schools are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

We believe that that it is vitally important that all staff working within the provisions of the Central Hub model our ethos of respect and empathy. We work hard to demonstrate unconditional positive regard for students and we offer a personalised curriculum which is delivered in small groups by experienced staff. In this way, we can foster meaningful discussions about important yet sensitive issues, in a safe environment.

2. Statutory requirements

The Key Stage 1 and Key Stage 2 provisions within the PRU are maintained, so we must provide relationships education to all pupils as per section 34 of the [Children and Social work act 2017](#).

However, we are not required to provide sex education but we do need to teach the elements of sex education contained in the science curriculum.

In teaching RSE, we must have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

At the Primary PRU we teach RSE as set out in this policy.

As maintained secondary schools, at The Connected Hub, Homewood School and Key Stage 4 PRU, we must provide RSE to all pupils as per the [Children and Social work act 2017](#).

In teaching RSE, we must have regard to to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

3. Policy development

In order to develop this policy, we are required to consult with parents when making changes to our RSE policy. It is good practice to consult with staff and pupils also. However, this policy has been written during the period of school closure during the Covid-19 pandemic. Consultation with all interested parties, is therefore delayed until such time as schools re-open fully.

In light of this, the following is the plan to consult and review on the development of this policy:

1. Review – a member of staff from CHB will pull together all relevant information including relevant national and local guidance
2. Staff consultation – all school staff will be given the opportunity to look at this policy and make recommendations
3. Parent/stakeholder consultation – parents and any interested parties will be invited to attend a meeting about the policy
4. Pupil consultation – across CHB, we will be investigating what exactly pupils want from their RSE
5. Ratification – once final amendments are made, the policy will be shared with governors and ratified
6. Making policy available to all stakeholders – once the policy has been ratified by governors, it will be uploaded to our website and an email will be sent to all parents and carers notifying them of its publication

4. Definition

RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information, and exploring issues and values.

RSE is not about the promotion of sexual activity.

5. Curriculum

Our curriculum is set out as per the PSHCE/RSE curriculum maps available on our website (www.chb.org.uk) these are adapted as necessary, for example other than sex education which is covered in the science curriculum, additional sex education is taught at Key Stages one and two.

We will continue to develop the curriculum in consultation with parents, pupils and staff, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

Primary sex education will focus on:

- Preparing boys and girls for the changes that adolescence brings
- How a baby is conceived and born

For more information about curriculum for individual sites/key stages, please refer to the relevant curriculum map on the www.chb.org.uk website.

6. Delivery of RSE

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

In Key Stage 3 and 4, Pupils also receive stand-alone sex education sessions delivered by a trained health professional.

At Key Stage 1 and 2:

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

For more information about our RSE curriculum, see the curriculum maps on our www.chb.org.uk website.

At Key Stage 3 and 4

RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds including:

- Families
- Respectful relationships, including friendships
- Online and media
- Being safe
- Intimate and sexual relationships, including sexual health

For more information about our RSE curriculum, see the curriculum maps on our www.chb.org.uk website.

The Central Hub Brighton

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

Alternative work will be given to pupils who are withdrawn from sex education.

Teaching of RSE at Key Stage 3 and Key Stage 4 – PRU, The Connected Hub & Homewood College

Parents have the right to withdraw their children from the [non-statutory/non-science] components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

A copy of withdrawal requests will be placed in the pupil's educational record. The headteacher will discuss the request with parents and take appropriate action following this discussion.

Alternative work will be given to pupils who are withdrawn from sex education.

9. Training

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

The delivery of RSE is monitored by The Executive Head Teacher of Central Hub Brighton through:

Regular monitoring arrangements, such as planning scrutinies, learning walks, lesson observations and PSHCE teacher team meetings.

This policy will be reviewed by the CHB PSHCE lead. At every review, the policy will be approved by the governing board/management committee and the Executive Head Teacher of CHB.
