Note: Central Hub Brighton operates with a Management Committee as its governing body. For all references to Governing Body and Governors in this document, the duties and responsibilities will be carried out by the CHB Management Committee and its members

Principles

The Management Committee and Staff of Central Hub Brighton seek to create a school environment which encourages and reinforces positive behaviour and mutual respect for all. The School acknowledges that if pupils and staff feel safe and secure this will have a positive impact on teaching and learning.

Overview

Off-site provision is provided for learners who are temporarily unable to attend school for varying reasons. The provision is geared toward the individual learner and has the proviso built in that the learner will be expected to return to school as soon as possible, therefore off-site provision will be regularly reviewed by the relevant head of key stage senior leader or Co-Head Teacher. Some students will have a blended programme of on and off-site. Some will have very temporary arrangements as an Alternative to Suspension (A2S). On occasion, a student may have a permanent off-site programme which is agreed with the local authority, parent/carer and the provision.

Set-Up

If a student needs off-site provision (whether full or part time) the timetable must be agreed with the parent/carer and written confirmation given. A review date should be written into this. The Co-Head Teacher, Head of Key Stage or other member of the Leadership Team, will create specific provision for the learner.

Curriculum

Whilst learners are tutored off-site the curriculum will be adhered to in accordance with current medium term plans as far as possible. For some students, engagement strategies may have to be used before any formal learning can take place. The Co-Head Teacher, Head of Key Stage or other member of the Leadership Team will liaise with subject teachers and to ensure that as much as possible, students follow the same programme of study that is taught within school. Where this is not possible an agreed learning programme will be created to suit the needs of individual learner. This should include educational visits and enrichment opportunities.

Monitoring Progress and Assessment

Weekly summary reports are to be kept by the tutors. Attendance at sessions needs to be reported daily and logged on SIMS. External tutors will be expected to report on the students' engagement and progress etc in line with the expectation of the site the student is linked to. Work should be regularly assessed in accordance with the assessment policy. The tutor should link with the HOKS and individual subject teachers around the learning programme for that student and should follow the same curriculum so far as possible as is being followed in school. Learners also undertake national exams as per school policy and fully participate in the AQA unit award scheme.

The above is logged onto both individual learner's summary and any other system used to monitor progress by the site.

Postcards, praise points and certificates are also awarded in accordance to the school's rewards policy

Starting and Ending a Session

If a tutor arrives and the learner does not show or if you are informed that the session is not taking place, please contact the relevant site by text, phone or email - a maximum of 5 minutes after the learner was due to arrive.

If the session takes place within the home and a tutor arrives for a pre-agreed session at a learner's home and there is no suitable adult (legal guardian / parent / carer) available to supervise the session, the tutor **MUST NOT** enter the premises and you should inform the relevant site as soon as possible.

Before tuition takes place within a learner's home a home tuition risk assessment visit must be carried out and this form logged within the learner profile on the portal.

If the home has already been assessed, e.g. if the learner is a Looked After Child (LAC) then a check has already been carried out and a home assessment visit would not be necessary

Abscinding and Unforeseen Circumstances

If a learner absconds during an off-site tutorial, call the relevant site immediately (01273 916595/01273 916594) and ask to speak to a member of the Leadership Team who will instruct you as to the course of action. Please let the parents/carers know once you have phoned the school. Please make sure that relevant entries are made in the communications and behaviour log within SIMs: We have a legal obligation to ensure that a learner is correctly entered within SIMs

If, during a session or visit a learner/parent /carer becomes agitated or threatening, tutors should end the session and inform a member of the SLT at school that you on the number above and follow advice given.

In an emergency please call 999 and inform the above as soon as possible

Working Off-Site

When leaving school, tutors need to ensure that staff know where they are going, who they are seeing and what time they are expected back – see Lone Working Policy. A school phone should be taken with relevant phone numbers programmed in.

Safeguarding

If you have any concerns about a child's safety or well-being, please log this on the school safeguarding log (CPOMS) and treat this as you would if a student was on site. If in doubt, please contact the Designated Safeguarding Lead on the relevant site.
